Court Reporting

U.S. Legal Support's highly skilled and dedicated court reporters are specialized in all aspects of litigation and technology. We rigorously screen our reporters to ensure that all of our services are delivered with accuracy, speed, professionalism and advanced technological support worldwide.

Litigation & ESI Services

The Litigation Support team at U.S. Legal Support provides electronic discovery and digital forensic services. Our innovative and comprehensive litigation solutions by experienced, certified consultants and e-Discovery software solutions help our clients manage the entire litigation life cycle from early case assessment and collection, through document review and trial presentation.

Record Retrieval

Our national record retrieval service is designed to provide a thorough and efficient process of obtaining a variety of records through subpoenas and/or using authorizations. Our specialists across the nation ensure that all legal requirements are met while providing you with the ease of placing, tracking and downloading your orders with our client portal.

Trial Services

The Trial Services Division at U.S. Legal Support provides trial preparation and presentation staff at trials, arbitrations and hearings throughout the United States and around the world.
